Club Volleyball Scholarship Opportunity

Colorado Volleyball Charities, a non-profit organization, was started to assist volleyball families whose lives were affected by tragedy. We raise funds through volleyball tournaments in Northern Colorado.

We are offering scholarships for club volleyball players for the 2017-2018 year. Last year we awarded 6 scholarships worth \$3,000. Scholarship amounts will vary upon need and application. Any player participating in club volleyball for the year is eligible to apply.

Scholarship recipients will be determined by a 3 member panel which do not have any association with any club within the Rocky Mountain Region.

Interested parties should contact us at coloradovolleyballcharities@gmail.com for an application. Completed applications should either be emailed to the email address above or a physical copy can be sent to-
