

Grocery Card Fundraiser Program

What is the Grocery Card Program?

The Grocery Card Program allows families to earn money through the purchase of groceries that is applied toward club expenses. King Soopers and Safeway offer this program; the return is 5% of total purchase. There is no cost to participate in this program.

How does the program work?

Flatirons VBC is selling reloadable gift cards for \$10 each. Each card is already loaded with \$10. When you shop, take your reloadable card to the customer service desk to load additional

funds. You can reload with a check, credit card or cash up to \$500. I've also been able to reload at check out if I catch the clerk before any items have been rung up.

Tracking your account

Your card has a number on the back. When you purchase the card, the number is recorded. Flatirons will receive a monthly report showing how much money was loaded on each card. You can earn money toward the 2018 fees starting June 1, 2017 till April 1, 2018 or the store's last report prior to 4/1/2018 simply by purchasing groceries or gas! Because Flatirons does not take a percentage of the earnings, we ask you continue to use the card in April and May with the proceeds going to Flatirons.

Maximize benefits

Buy cards for family members, friends and neighbors. The more cards; the larger the benefit. The average family spends \$800/month at the grocery store. You would earn \$40 to be credited to your account. Add another family or two and you could earn up to \$120/month. As you can see, the cumulative effect can cover a significant portion of the 2018 costs. One Flatirons family earned \$500 toward their fees.

Additional Information

The cards can be used for groceries, prescriptions and gas. They cannot be used for other gift cards, Ticket Master or Money Orders.

Cards with a zero balance will become inactive after 90 days. A new card will need to be purchased from Flatirons Volleyball Club. Cards purchased from the store will not be linked to Flatirons and therefore no credit will be applied toward club fees.

Get your King Soopers card balance by checking the bottom of your receipt. Or login to www.gcbalance.com. Or call 866.822.6252.

Monies raised will not be refunded if you leave Flatirons or raise more than your fees. Balances will not be carried forward to the next year. We start new on June 1.

Act now! Send your check made out to Flatirons Volleyball Club for \$10 per card. Be sure to include:

1. Player name and team
2. Quantity of cards and for which grocery store: King Soopers or Safeway.

Mail your order and payment to Flatirons Volleyball Club, 2485 Clayton Circle, Superior, CO 80027.

On most Saturdays in November and December, cards will be sold at the front desk in the lobby of Eldorado K8 School.

This is a no hassle, no cost way to reduce your club fees . . . if you buy groceries or gas, you will use these cards!
